SAN ANTONIO METRO CAMPUS ANNUAL CRIME STATISTICS

This section of the Annual Security Report explains what type of crimes institutions are directed to include under the Clery Act, as well as how the University obtains and tabulates these statistics each year. Reporting tables are provided which include crime statistics for the calendar years 2020-2022.

Preparation of the Annual Crime Statistics

The statistics included in the Annual Security Report are compiled by the Department of Public Safety (DPS) with assistance from a wide range of other University administrative departments, including but not limited to Campus Directors and Assistant Directors at branch campuses, Student Affairs, Human Resources, and Title IX. DPS collects statistics from these departments and other University Campus Security Authorities (CSAs),[1] on an ongoing basis throughout the year and follows up with an annual request for confirmation that all reports of crimes received by CSAs have already been reported to DPS. DPS also annually requests crime statistics from local law enforcement agencies which could potentially respond to calls anywhere on this campus' Clery reportable geography.

Explanation of the 2020-2022 Crime Statistics Reporting Tables

Under the Clery Act, institutions are only directed to disclose statistics for specific offenses, (collectively referred to as Clery Act Crimes) which were reported to have occurred in one of the following four[2] geographical locations associated with the University:

On-Campus: 1) Any building or property owned or controlled by an institutionh
